## Introduction

Symphony is a comprehensive line of traditional office furniture scaled to work within the wide range of Federal office environments and administrative space. Credenza bases, desks and credenza upper storage units can be configured to meet any specific office requirement. Double pedestal desks, secretarial desk with return tops allow for "L" and "U" shaped configurations. The Symphony line includes cabinets for telephone, computer and wardrobe requirements. In addition, there are lateral files, bookcases, mobile pedestals, occasional tables, and conference room tables.

## Construction Methods

### 32 panel construction

## Materials

## Veneer

The 1/32" Cherry veneer is plain-sliced, book-matched grade 'A' (without knots or objectionable grain distortion).

## FINISHES

Multi-step process, including stains, three coats of sealer and one top coat of medium gloss finish. Interior drawer surfaces have a clear satin finish. All furniture pieces have flush, stained backs.

## Design Features

## DRAWER SIDES

Sides are 100 and 150 pound rated, ball bearing slides with full extension.

## LIGHTING

Accent down lights are standard with credenza upper bridges.

**FILING**

File drawers feature adaptable rails for letter and legal filing. Desk and credenza file drawers provide 24" and 16" file depths. Lateral file drawers allow front-to-back vertical filing and side-to-side lateral filing.

## WIRE MANAGEMENT

Wire management grommets are located on the sides of desks and desk returns, as well as on the sides and work surfaces of the corner transition units. They are also provided in credenza kneehole areas at the rear of the work surface and at the top of the modesty panel below the work surface.

## LOCKS

All file drawers have locking mechanisms.

## TESTING

Assembled furniture products meet ANSI/BIFMA standards X5/5 and X5.6.
